Winston-Salem Journal

Classroom Newspapers Request Form

School Name _____ County _____

School phone number _____

Teacher Name _____

Teacher Email address _____

What is the Green(e)-Edition of the Winston Salem Journal?

Green(e) edition is an exact duplicate of the newspaper received and viewed online therefore being very environmental friendly. You may receive copies (called licenses online) of the Green(e)-edition on the days you are not receiving a classroom set of the regular (traditional) WS Journal or you can receive all your copies online via the Green(e) edition.

WHEN and HOW do you want to receive the Winston Salem Journal for your classroom?

Choose below how you would like to receive your newspapers. Write the number of copies or licenses by the day(s) you want delivery; the minimum number of copies or licenses is 10. You must choose traditional or green(e) edition, you can not choose both on the same day.

Monday _____	Tuesday _____	Wednesday _____	Thursday _____	Friday _____
Circle ONE: -Green(e) edition (online) -Traditional WS Journal	Circle ONE: -Green(e) edition (online) -Traditional WS Journal	Circle ONE: -Green(e) edition (online) -Traditional WS Journal	Circle ONE: -Green(e) edition (online) -Traditional WS Journal	Circle ONE: -Green(e) edition (online) -Traditional WS Journal

***First delivery date: _____ ***Last delivery date: _____

(We suspend delivery during Thanksgiving, Christmas and Spring breaks according to the school calendar)

_____ Bill me at my school _____ (sign here)

_____ PO number is _____

_____ I will send a PO in later for this order and the bill can go to the county office

The cost of the newspapers is \$.12 per copy for Mon-Fri. If you order at least one delivery per week for the entire school year, your cost is \$.06 per copy. The Literacy Through Partnerships funds will pay the other half as long as funds are available. So order early!

To figure cost for this order:

Number of copies or licenses _____ x total number of days delivered _____ x .06 cent = _____

Example: Number of copies 25 x total number of days delivered 36 x .06 cent = \$54 (This example is one delivery per week for the school year)
